

13 June 2005

Dear Mr. Payne,

I write today to offer my personal support and endorsement, as well as that of the Office of the Secretary-General's Special Envoy for Tsunami Recovery, for the Tsunami CD Relief Compilation Series being produced by you.

We deeply value this project. Not only will it raise much needed capital for the recovery effort throughout the areas in Asia and Africa tragically afflicted in December 2004, it will also serve to sustain public awareness of the ongoing need for aid in the area, thereby aiding in all tsunami recovery campaigns.

We strongly encourage cooperation and participation in making this endeavour a success.

With our sincere support,

Erskine Bowles
Deputy Special Envoy for
Tsunami Recovery
